March 14–April 8

**“Wondrously stealthy . . . Resonates in your mind long after its over”**

*The New York Times*

In a bustling London train station, free-spirited American Georgie unexpectedly kisses mid-70s British butcher Alex, and sets his world reeling. When she turns up in his shop a few days later, he is suspicious. Is she really attracted to him, or is there a longer con on the cards? As Alex is drawn into Georgie’s anarchic world, his conventional life becomes chaotic, uncertain, and undeniably richer.

In this “vibrant and emotionally charged” (*The New York Times*) new play, Tony Award–winning playwright Simon Stephens (*The Curious Incident of the Dog in the Night-Time*) crafts a comedy that rethinks the polar magnetism of opposites attracting, as well as the conventions of modern-day playwriting. With its perfect collision of strangers and strangeness, Heisenberg was an electric hit on Broadway from one of theater’s most original voices.
